NARRATIVE

On 06/19/2014 at about 1635 hours (all times approximate) I responded to a blocking injury collision in the 9500 block 4th Street NE in the city of Lake Stevens.

I arrived on scene at about 0441 hours. Arriving on scene I found the one of the collision vehicles to be blocking 4th Street NE and the other vehicle to be blocking the entrance/exit to the community transit parking lot. At this time there were several fire and aid vehicles on scene and paramedics were treating persons involved in the collision.

Based on evidence and statements made at the scene it is found that U1 was pulling out of the parking lot access road from the north side of the roadway intending on turning left onto eastbound 4th Street NE. The driver of U1 claimed his vision eastbound on 4th Street was obstructed due to parked vehicles along the westbound shoulder of the roadway on 4th Street. The driver of U1 claimed he slowly pulled out onto 4th Street. The driver of U1 claimed as he pulled into the street he observed U2 approaching westbound on 4th Street and that he was unable to avoid the collision with U2. U2 struck the driver's side of U1, as U1 was making the left turn in the roadway. U2 continued down the driver's side of U1 and then made a hard left turn around the back side of U1, rotating U1 counter clockwise in the roadway. U2 then continued southbound into the entrance/exit of the community transit parking lot.

The driver of U1 had blood on his hands as a result of injuries sustained from the collision. The driver of U2 was placed in a C-collar and immobilized on a back board; later transported from the scene to the hospital by aid car.

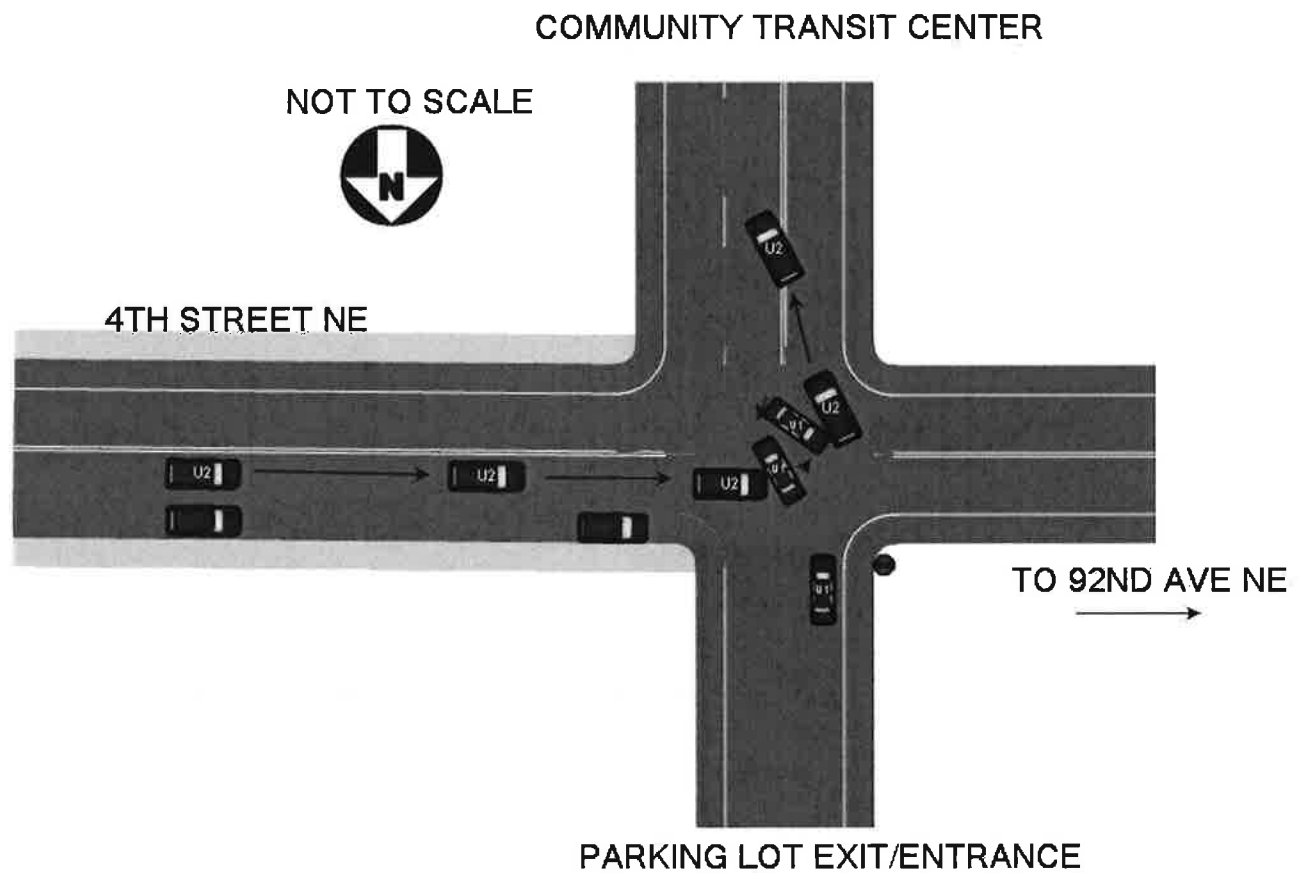

The driver of U1 claimed as he pulled out into 4th Street and just before the collision, he recalled looking at the driver of U2 and observing she had her head down as though being distracted (stating possibly by a cell phone). The driver of U2 later claimed she had not been using a cell phone.

At the time of the collision Officer Planalp completed the vehicle impound form for U1 and informed me that the teen driver of U1 has a current license restriction restricting passengers under the age of 20.

At the time of the collision U1 had a single passenger and U2 also had a single passenger. At the time of the collision both passenger were not claiming injury. However, I observed the passenger of U1 had a small lightly bleeding abrasion on his left elbow.

Due to the extensive damage to both vehicles, both vehicles were towed from the scene by tow trucks. U1 was towed by Speedway Towing, U2 was towed by Rescue Towing.

At the collision scene the driver of U1 was cited for violation of intermediate driver's license restriction (having a passenger under the age of 2 in the vehicle). During further investigation (on 6/21) it was found the driver of U1 has a restriction of up to 3 passengers under the age of 20 except as allowed by law; showing to not have violated his intermediate driver's license restriction. The infraction for the license violation was amended to show not having been committed.
